

TERMS & CONDITIONS

With the centralisation of our accounting and credit handling procedures it is appropriate that we ensure all of our customers are aware of Turners & Growers Fresh Ltd terms of credit.

Turners & Growers Fresh LTD's Terms are as follows:

- Payment of the accounts is by Direct Debit authority only. Payments are debited from your bank account on the Monday following the Statement date.
- Credit may be stopped without prior notice on any overdue accounts and will only be reinstated at the company's option. Reinstatement of credit will only occur when outstanding amounts are paid and cleared. This may of course take time and cause inconvenience.
- Late payment fees will be charged on overdue accounts. These fees are intended to recover debt collection costs incurred by the company, and as such are effectively a user pays cost. If an account is not overdue no charge will result.

These terms are normal around the world in the perishable produce industry where product is sold for cash within days rather than weeks or months.

A direct debit authority is mandatory for all new accounts and it is a requirement that the completed form is in our possession prior to a buying account becoming operative.

We therefore urge you to consider the implications of the above policy and please do not hesitate to contact our Customer Services staff or the Credit Manager to discuss these terms further.
